RUBBER PIPE SAVES A WOMAN.

The Danish surgeon Professor Thor-  
vald Rovsing has just disclosed details  
of an interesting operation he per-  
formed early in 1921. The patient  
was a woman of 35. Owing to trouble  
in the gullet it was impossible for food  
to pass to the stomach in the natural  
way.Professor Rovsing therefore made a  
double incision down the skin of the  
chest and, raising the two edges of the  
skin lying between the two incisions,  
wound them around a temporary  
rubber tube in such a way that when  
the edges of the skin joined together  
they themselves formed a natural  
tube. The skin of the chest beyond  
the two incisions was then stretched  
over the exposed parts.Later the upper end of the natural  
skin tube was by a further operation  
attached to the gullet, and later the  
lower end was attached to the  
stomach, making a continuous channel  
for food chewed in the ordinary way  
in the mouth to pass inside through  
the gullet and thence outside the  
body, through the skin tube, and into  
the stomach. The complete operation  
took about six months.The patient left the hospital in  
August 1921, and is now able to look  
after herself, her home duties, and her  
five children.—Lizchanga.**UNCLAIMED TELEGRAMS.**THE GREAT NORTHERN TELE-

## TO-DAY'S CABLES.

(Reuter's Service to the China Mail)

## LITHUANIANS AND POLAND.

## A HITCH OVER MEMEL.

LONDON, February 16. Armed bands have reappeared at Memel which the Conference of Ambassadors should have formally handed over to Lithuania to-day. The new development may necessitate a change of plan because it is felt that the Lithuanian Government cannot be dissociated from responsibility. Authoritative circles in London are anxiously watching the situation at Vilna which with the adjacent territory is to be handed over to Poland to-day under the League of Nations award as the Lithuanians have announced their intention of opposing the Polish occupation.

## MEMEL HANDED OVER.

Paris, February 16. Following the announcement from Memel of the withdrawal of the Revolutionary Government the Conference of Ambassadors decided to award Lithuania the sovereignty of Memel on certain conditions regarding sea and river transport in order to protect Lithuanian and Polish interests.

## KING TUTANKHAMEN'S TOMB.

## SARCOPHAGUS DISCOVERED.

Luxor, February 16. King Tutankhamen's tomb was opened to-day. The sarcophagus and many articles of furniture were discovered.

Luxor, February 16. It has been decided that the wall of the inner chamber of Tutankhamen's tomb will be opened on February 16 sufficiently to allow the contents to be seen.

## M.O.C. IN S. AFRICA.

DURBAN, February 16. For the fifth and final match six days have been slotted in order to finish it. In glorious weather before a moderate attendance and on a perfect wicket England made 261 for 8, Russell contributing 136 unaided in a magnificent stylish innings in which he scored very easily and gave no chance though he batted all day. Mead made 68 in a sound innings in which he hit seven fours. When the score was 17 for 2 Mead and Russell put a valuable partnership of 139 for the third wicket.

## NEW ASIA ENGINE.

## TRIUMPH OF RESEARCH.

LONDON, February 16. Arrangements have been made by the Air Ministry to construct a sixteen hundred horsepower semi-diesel engine burning crude oil instead of petrol which will be the most powerful in the world and is claimed to be one of the greatest triumphs of aeronautical research in recent years.

## SOVIET AND CHINESE.

## PEKING HEARS FROM PARIS.

BERLIN, February 16. A message from Moscow says that the head of the Chinese mission has informed the Foreign Commissariat that a note was received in Peking from Paris requesting that the French Government be kept advised of the progress of Soviet-Chinese negotiations. The note is also stated to contain a demand that no agreements altering the status of the East Chinese railway be signed without the sanction of France.

## "HONG MOH" DISASTER.

## KING DECORATES CAPTAIN EVANS.

LONDON, February 16. The King at Buckingham Palace bestowed the Board of Trade silver medal on Captain E. R. G. Evans of the warship "Carlisle" for bravery in assisting the stranded steamer "Hong Moh" with eleven hundred coolies aboard in the China Sea.

## NEW ZEALAND POLITICS.

WELLINGTON, February 16. The House of Representatives rejected a Labour non-confidence motion in Mr. Massey and the Government by 40 votes to 18 and a similar Liberal motion by 39 votes to 36.

## DUTCH EAST INDIES BONDS.

LONDON, February 16. A New York syndicate of bankers is offering twenty five million dollars worth of Dutch East Indies bonds similar to the recent issue in London at a price of eight-eighths.

## HELPING AUSTRIA.

## HOLLAND'S SHARE.

THE HAGUE, February 16. Subject to Parliamentary approval, the Government will participate up to 14 per cent. in the guarantee of projected 520,000,000 gold crowns for the reconstruction of Austria.

## COUSING.

## WATERLOO CUP RESULT.

LONDON, February 16. In the Waterloo Cup final Lord Londsdale's "Lotto" was declared the winner. T. Harte's Hidden Sure was withdrawn owing to being greatly distressed after a hard course in the semi-final.

## ANOTHER PAN-PACIFIC CONFERENCE.

## INVITATION FROM AUSTRALIA.

MELBOURNE, February 16. The Federal Government is inviting twenty countries to send representatives to a Pan-Pacific scientific congress in August and September. It has contributed £5,000 towards the expenses.

## MYRNA WARSHIP SAN.

## FRESH ALLIED PROPOSAL.

PARIS, February 16. A message from Constantinople states that the Allied High Commission issued a note declaring that if the Turks withdraw the restrictions in regard to the access of warships to Smyrna, the Allies will reduce the number to ten without limitation as to tonnage.

## NO INTERPORT FOOTBALL.

## GAME POSTPONED TILL MONDAY.

Owing to the late arrival of the "President Jefferson" which is bringing the Shanghai men to Hongkong the interport football match which had been fixed for this afternoon has been postponed till Monday.

It is expected that the "President Jefferson" will reach Hongkong at about 5 p.m.

A match is to be played to-day between the local interport team and the United Services on the Club ground instead.

## KOWLOON BEAT "DURBAN."

Kowloon beat the "Durban" by five goals to one yesterday and thus enter the final of the shield competition.

## AT THE THEATRE.

## GILBERT AND SULLIVAN COMPANY.

The J. C. Williamson Company added further to what is by now a well established reputation with their repetition of "The Yeomen of the Guard" on Thursday night and their capital performance of "Iolanthe" last evening. The delightful music of "Iolanthe" with its delicate fairy-like setting, the rich fund of dry humour contained in the play, the several charming and the tuneful concerted numbers were all admirably interpreted and warmly appreciated.

This afternoon there is to be a special matinee performance of H.M.S. "Pinafore" and the piece for to-night is Oscar Strauss' opera buffa "The Chocolate Soldier" in which Mr. Charles Workman plays Bumerli, the part he took when the opera was first produced in London in 1909.

## WEST RIVER UNSAFE.

## RIVER STEAMERS RETURN.

(From Our Own Correspondent.)

## CANTON, February 15.

General Shun Hung-ying's control of Kwangtung is gradually slipping from him. Only a small part of his troops remain in Canton, the remainder having retreated along the West River ostensibly "to garrison the district" but in reality to prevent their enemies carrying out an enveloping movement and cutting their communications.

Hardly any news has filtered through, but it has been confirmed that the Kwangsi-ites' previous allies have gone over to Sun and are now co-operating with Kwangtung guerrillas along the West River. It has been reported that Shun's troops were ejected from Shuihling but another report states that they counter-attacked and re-occupied the town. Intermittent fighting has been going on with varying results, the report, as far as can be judged, being to threaten the Kwangsi-ites' connection with Wuchow.

The West River is very unsafe for traffic, as snipers and field-guns command many important points. A batch of river steamers left Hongkong about six days ago, to make the last Wuchow trip before tying up for the New Year. They only got as far as Hohai where it was learnt that it was practically impossible to reach Wuchow without serious danger. As a result, the ship returned to Hongkong, passengers, mail and cargo having to wait till after the New Year.

## SUN AND PEKING.

## REUNIFICATION RUMOUR.

## PEKING, February 16.

Government circles express the opinion that an agreement between the Northern and Southern leaders will materialise soon. It is reported that Chen Chiung-ming has yielded to most of Sun Yat-sen's demands and it is believed that Sun Yat-sen and Cheng Huan-shun are co-operating with a view to effecting a compromise with Peking.

## BANQUE INDUSTRIELLE

## BRANCHES REOPENING

## FOON.

PEKING, February 16. The branches of the Banque Industrielle de Chine in Shanghai, Peking, Tientsin and Hankow, closed on February 16 and the other branches are opening shortly.

## RIVER STEAMER ASHORE.

## BEACHED AT TUNGCHING.

The river steamer "Sannamhoi" of the Fat Hing Lung Kee & Co., Ltd., of No. 144, Des Vaux Road West, employed on the regular run between Hongkong and Kowloon, went aground on Thursday night while on the down trip, back to Hongkong. She was approaching the Brothers Islands, off Capesimun, about 20 miles from Hongkong, when her propeller was fouled by a wire rope, and the vessel was disabled.

A strong current carried her towards the shore and she was beached at Tungching, off the Tungku light. Capt. Sparks and his officers managed to prevent panic among the Chinese passengers by assuring them that they would be relieved with the next high tide, and soon quiet was restored.

Distress rockets were fired and these attracted the attention of police launch No. 2, which was patrolling the vicinity under the command of Sub-Inspector Moody of the Water Police. She went alongside and took away 26 Chinese passengers and two European Customs Officers, who were landed in Hongkong at midnight. While waiting for the tide, the "Sannamhoi" officers removed the obstruction from her propeller. She was refloated about noon yesterday, and was able to make Hongkong unaided. She is now tied alongside her wharf, having suffered almost no damage.

## LOCAL AND GENERAL.

A confirmation service is being held at St. Andrew's Church, Kowloon, at 6 p.m. to-morrow.

P. K. Leong defeated E. L. Barros in the billiards championship tourney on Thursday by 102 points after a close game.

Competitors are reminded that the third round in the Royal Hongkong Golf Club's junior championship competition will be played at Fanling to-morrow (Sunday).

## "KISMET."

## AT THE CORONET.

One of the most arresting things about the Robertson-Cole production of "Kismet," with Otis Skinner playing his celebrated role of Haji the Beggar, which the Coronet management are screening as their special China New Year attraction, is the wealth of colour beauty and detail which went to the making of it. "Kismet" is a story of Bagdad a thousand years ago and the oriental atmosphere, with its splendours and its equalities, has been perfectly reproduced. No scenes are more gorgeous than those depicting a harem stocked with a bevy of the most beautiful young women that a thorough-comb-out of the Hollywood colony could produce.

## TO-DAY'S ADVERTISEMENTS.

## SOCIETY OF ST. GEORGE, HONGKONG.

THE ANNUAL GENERAL MEETING of the Society will be held in the City Hall on MONDAY, 26th February 1923, at 5.15 p.m.

For the following purposes:—

- To receive the Report of the Committee and statement of Accounts for the past year.
- To elect the Officers and Committee for the ensuing year.
- To consider the manner in which St. George's Day shall be celebrated.
- To transact any other business of which due notice has been given.

All Members are requested to attend.

G. H. PIERCY,  
Hon. Secretary.

Hongkong, February 15, 1923.

## BRITISH EDUCATION.

SUB-COMMITTEE'S REPORT.  
SUGGESTIONS TO GOVERNMENT.

The following is the report submitted by the sub-committee of the Board of Education appointed to enquire into the matter of the education of British children in Hongkong:

The British children being educated in this Colony may be divided into three main classes after the Kindergarten and Primary stages, (a) children who will remain in the Colony until the age of 9 years with the intention of being sent to some preparatory or public school at Home, (b) children who will remain in the Colony until the age of 15 to 18 years with the intention of going to some University or to some University College, or Technical College at Home, (c) children who will not be sent Home, but who will complete their education here with a view to earning their living in this Colony or elsewhere in the East.

Up to a point all these children will require an elementary education of one common type. We use the word "kindergarten" meaning by it a class for children between the ages of 5 and 9 years, who must be taught on the most approved modern methods. The teaching of children in this early stage has now become a highly specialized art and in this Colony there should be no difficulty in providing model Kindergarten schools. Such schools would cater for children between the ages of 5 and 9 years and would contain infant classes and classes 8 and 9. Such schools must set up all points topographically where a British community exists. At present four such places are clearly indicated, Kowloon, Quarry Bay, Causeway Bay and the Peak.

It is important to realize that after the Kindergarten stage a different type of syllabus is required for these different classes of children.

Class (3) requires a syllabus leading up to and preparing for the public schools' common entrance examination at Home, and must include facilities for winning "entrance scholarships" in the public schools at Home. Such children require to be taught Latin if they are to enter on the classical side at Home, and Mathematics and French in all cases.

Class (b) consisting of children preparing for University or College life will require a syllabus leading as far as possible to the London Matriculation and to scholarship examinations at the Home Universities. For this purpose the syllabus must include English and English Literature of a high standard, some second language (for preference Latin), Advanced Mathematics with alternative possibilities of Physics and Chemistry.

Class (c) containing pupils who intend to complete their education in the Colony and which we believe will be rapidly increasing class numerically, should work on a syllabus designed for the Local Matriculation Examination, but which should pay marked attention to Mathematics, Physics, Chemistry, Geometrical Drawing, Mechanics and Applied Mathematics and Bookkeeping.

A CENTRAL SCHOOL.  
A choice must, therefore, then be made as to which of the three classes specified above is indicated in each particular case, and arrangements must be made for the necessary preparation of a school where the necessary preparation will be given, designed for the particular needs of the class indicated. All three classes (a), (b), (c), should be catered for in one large central school, on a site as near as possible to the Tram station in Garden Road. The only objection to this scheme is to the distance which children will have to travel, but we do not see any hope of obtaining efficient education in British schools if this objection is allowed to stand. To overcome it every possible means for the easy and safe travelling of school children must be arranged. Free travelling must be provided by means of special school buses, special trams and special school launches. School buses, collecting children from their various homes. Such a system has been in use with success for many years in different countries, and if properly organized should be able to work successfully in the Colony.

The question of providing meals at school in the middle of the day must also be dealt with, but we do not know of any real reason why a substantial meal should not be provided at school at a small cost for children who require it.

## CONTINUITY OF STAFF.

Continuity of heads of schools and senior staff must be secured. The inefficiency of the education of British children in the past in this Colony is very largely due to repeated changes of staff—a practice which must now definitely be abandoned, and as large a proportion of the staff as possible should be appointed to a particular school for a minimum period of five years, and changes should not be tolerated except in the most compelling circumstances.

The co-operation of parents is a matter of the utmost importance and its lack may also be cited as one of the causes of present inefficiency. It is the clear duty of the parent to hold frequent communication with the heads of schools and other educational authorities in this Colony as to the future career of his child and the preparation which he desires him to receive with a definite examination or similar object in view. At present Headmaster and parents alike have failed to pay adequate attention to the scholarship and other educational facilities available for boys in Hongkong. Such questions as the Peace Memorial Scholarship, the affiliation of the Local University with Universities of Oxford and Cambridge; the acceptance of the Local Matriculation certificate by English and Scottish Universities; the possibilities of entering the professions of Medicine and Education, through local channels require careful and constant study on the part of schoolmasters and parents alike. It is also the clear duty of parents to enforce regular attendance of children throughout the day. This has not been done in the past children being allowed to absent themselves from school on the slightest pretext and the evil results of this irregular attendance are too obvious to require emphasizing.

In view of the fact that the system of co-education is the most popular and probably the most desirable in this Colony, we have not made any distinction between the education of boys and girls; but we are aware that a number of girls in this Colony will remain here and will form homes. For these children there should be provided in the central school classes of an up-to-date kind, but thoroughly suited to local conditions in cooking, domestic science and needlework.

## RECOMMENDATIONS.

Our recommendations, therefore, are as follows:—

1. That kindergarten schools for children between the ages of 5 and 9 years be established on the most modern methods with specially trained kindergarten teachers in charge at the Peak, Kowloon, Quarry Bay, and Causeway Bay.

2. That a big central school be created on a site as near as possible to the Tram station in Garden Road for all children between the ages of 9 and 18 years preparing for the common entrance examination and entrance scholarships of Home Public Schools for University or College life at Home, or for Commercial or Professional life in this Colony; with a comprehensive syllabus designed for the English Public Schools common entrance examination, for the London Matriculation Examination, Home University scholarship examinations and the local Matriculation Examination. (Latin, French, Mathematics and Advanced Mathematics, Applied Mathematics and Mechanics, Geometrical Drawing, Physics, Chemistry, Bookkeeping, Domestic Science, Cooking and Needlework.)

3. That proper facilities for free transport of students to the central school by bus, tram and launch be arranged.

4. That arrangements be made for a substantial meal in the middle of the day for children who come from a distance.

5. That continuity of staff and especially of Headmaster and second master be insisted upon at the central school, and that the headmastership of the central school be made a senior post in the Education Department of equal rank with the Headmastership of Queen's College.

6. That the parents be invited to co-operate especially in the matter of regular attendance of children.

(Sd.) T. W. Pearce,  
B. Wyllie,  
N. Teesdale Mackintosh.

## APPENDIX.

The question of a suitable site for the proposed Central School has received the careful consideration of the Sub-Committee. At one time, Kowloon was the sight of this connection, but after investigation the idea was abandoned on the score that any site on the Peninsula suitable for the building of such a school would not be central enough.

It was realized that the proposed School must be as near as possible equidistant from Kowloon, the Peak, and Quarry Bay. With this object in view, therefore, the Sub-Committee thereupon considered the possibility of the Government allocating a site for the School on some part of the War Department land east of Garden Road. As we understand, however, that negotiations between the Government and the War Office for the removal of the Military are still incomplete, and that even when an agreement has been reached, a long time must necessarily elapse before the ground would become available.

It was felt that to suggest a site in this vicinity would be tantamount to shelving the scheme for an indefinite period. As the members of the Sub-Committee feel that the question of the education of British children in this Colony is a matter which must be dealt with without delay, they propose that to avoid delay the Central School be built in the Botanical Gardens. In the older portion of these Gardens are two broad terraces, and it is recommended that the building be accommodated on the higher terrace, and that the lower terrace be laid out as a playing field, with suitable provision for lawn tennis and cricket. On the portions indicated there are few trees which would require to be removed and it is suggested that the plants at present in beds and pots might quite well be transferred without disadvantage to some other part of the Gardens.

Alternatively, and if (for some technical reason unknown to the Sub-Committee) this site cannot be approved, it is suggested that the level portion of the Botanical Gardens lying between the Peak Road and Glenalbyn be set aside for the purpose of erecting the proposed School. This portion of the Gardens is not nearly so decorative in appearance, and while several trees would have to be removed to other parts, the Sub-Committee feel that in the capable hands of the B and A Department, such removal could be effected without causing undue loss. This particular site would also be most suitable, easily accommodating the School and playing fields.

To either of the sites there is easy access from all parts, and if the transport of the children is carried out as suggested, the roads leading to the Gardens would be admirably suited for the purpose.

In conclusion, the Sub-Committee desires to stress briefly, the following content arguments in favour of the proposed Central School being located on either of the two sites suggested:

1. The sites are central.

2. They are easily accessible to pedestrian and vehicular traffic.

3. Quietude and healthful surroundings, so indispensable to a school, would be assured.

4. Very little site preparation would be necessary, and delay in construction would thus be reduced to a minimum.

5. The erection of a school on either of the suggested sites would not cause any hardship to that small section of the public at present using the Gardens, the major portion of which would still be available.

**Warnings of Colds.**  
Children are much more likely to contract the common colds when they have colds. Whooping cough, diphtheria, scarlet fever, and consumption are diseases that are often contracted when the child has a cold. That is why all the child's colds should be treated with the most effective remedy. For the quick cure of colds you will find nothing better than Chamberlain's Cough Remedy. It can always be depended upon and is pleasant and safe to take. For sale by all Chemists and Druggists.

TELE. HORTLAND BROS. TRADING CO., LTD.

**Two Great Things of China.**

The great wall of China stands to-day a memorial to its builders. Long before they commenced their task, beer was the favourite beverage of mankind; likely enough it often quenched their thirst. To-day it still holds pride of place the world over.

Of all beers none compares with "Amstel." After travelling thousands of miles it arrives cool, clear and sparkling, ready to quench your driest thirst.

"Don't merely order 'a beer.' Say 'AMSTEL' beer, a little trouble giving a great reward."

"Amstel"—the beer that is brewed for abroad.

**KOWLOON TRAGEDY.**  
**REVENUE OFFICER'S DEATH.**

The Revenue Department lost a young and popular officer, by the death under tragic circumstances on Thursday morning, of Mr. Mowbray Arthur Hancock, in the bathroom of his residence, No. 3, Armand Buildings, Kowloon. Death was due to carbonic oxide gas poisoning.

Mr. Hancock went to his bath as usual at 8 o'clock. When he failed to make an appearance at breakfast, the "boy" went to his bedroom, and not finding him there, tried the bathroom door and found it locked on the inside. The "boy" became alarmed on receiving no reply to his knocks and summoned assistance. Several neighbours arrived, and forced the door. On entering they found Mr. Hancock lying face downwards on the floor. The air in the bathroom was very close, and asphyxiation was immediately apparent.

Dr. Balean was summoned and artificial respiration was tried, but without effect. The deceased had apparently shaved in the bathroom, and was there for some time with the geyser going, and this had used up all the oxygen in the closed room. He became faint from the effects of the carbonic oxide gas, and collapsed before he could reach the door. That the deceased had realised his danger and made an effort to get out of the room was apparent from the position in which he was found, with the key underneath his body.

Mr. Hancock who was unmarried would have celebrated his thirtieth birthday on the 24th of this month. He first came out East in 1911 as a Mercantile Marine apprentice, and after making several trips he joined the Chinese Maritime Customs. Later he left to join the Staff of Holt's Wharf at Kowloon. He entered the Government service as a revenue officer on probation in June of last year.

Although of a quiet disposition, he was always full of life and in high spirits, and was much liked by all who knew him. His untimely death will be regretted by many, and the deepest sympathy is extended to his parents and relatives at home.

**THE FUNERAL.**

The funeral took place at Happy Valley yesterday afternoon, when a large gathering of the deceased's friends and colleagues attended to pay their last tribute.

The Rev. G. R. Lindsay officiated at the graveside.

A fine collection of wreaths included those from the Imports and Exports Department, Officers of the Revenue Department, the Harbour Office, Holt's Wharf, the Chinese Maritime Customs and numerous others bearing personal cards from friends.

**CHINESE CARNIVAL.**

**SUCCESSFUL HONGKONG HOTEL FUNCTION.**

The new horn Chinese year must have rejoiced at the reception awaiting it at the Hongkong Hotel last Thursday night.

Appropriate to the festivity of the day the reception room on the first floor and the grill-rooms were decorated according to Chinese ideas. From an early hour in the evening, throngs of onlookers gathered in the tea-room to watch the procession of the gay dancers.

At the Hongkong Hotel at last appeared the ideal League of Nations dream of by Wilson: Indian nabobs drinking to the health of Chinese mandarins, aye, even welcoming pirates in their midst, French chefs firing with muskets and demure *amais*, an Irish piper dancing with a Royal guard, a Persian Queen, Spanish grandees and Carmonas—all were there merry-making in perfect harmony.

Among the most striking costumes were a Chinese lantern of pink lambs, Queen Esther, a much bejewelled and a dignified Rastaf, not forgetting the dainty fairy who, a little time back delighted lovers of the Bard of Avon. Time and space fail us to describe the moonlit and dark nights, the aristocratic marquis and duchesses—some of whom would make good Dresden figures—with an attendant train of Harlequins, Pierrots, Colombians and Mephistopholes. A number of Chinese costumes gave a fitting setting for this time of Celestial rejoicing.

The scenic effect of purple and green light projections over decorations and dancers added to the bewitching atmosphere.

The only thing that dimmed the enjoyment of the guests was the early hour at which they were obliged to depart. Mr. F. O. Pratt, the manager, and Mr. H. J. H. North, the assistant manager, are to be congratulated on the brilliant success of the function.

**COMPANY REPORT.**

**GREEN ISLAND CEMENT CO., LTD.**

The report for presentation to the shareholders at the 34th ordinary general meeting to be held at St. George's Building on Friday, February 23 at 11 a.m. reads as follows:—

The Board of Directors have now to lay before the shareholders a statement of accounts and balance sheet for the year ending 31st December, 1922.

The gross profit for the year is ..... \$ 984,864.08  
The amount brought forward from the previous year ..... 100,617.80  
\$1,085,481.88

After allowing for the interim dividend paid in September last ..... \$200,000.00  
Directors' and auditors' fees, etc. .... 7,700.94  
Writing off 10 per cent for depreciation on the Company's buildings, machinery, launches, lighters, etc. 59,984.34  
\$ 267,685.28

The balance to be dealt with is ..... \$ 817,796.58  
which is recommended should be applied as follows:—

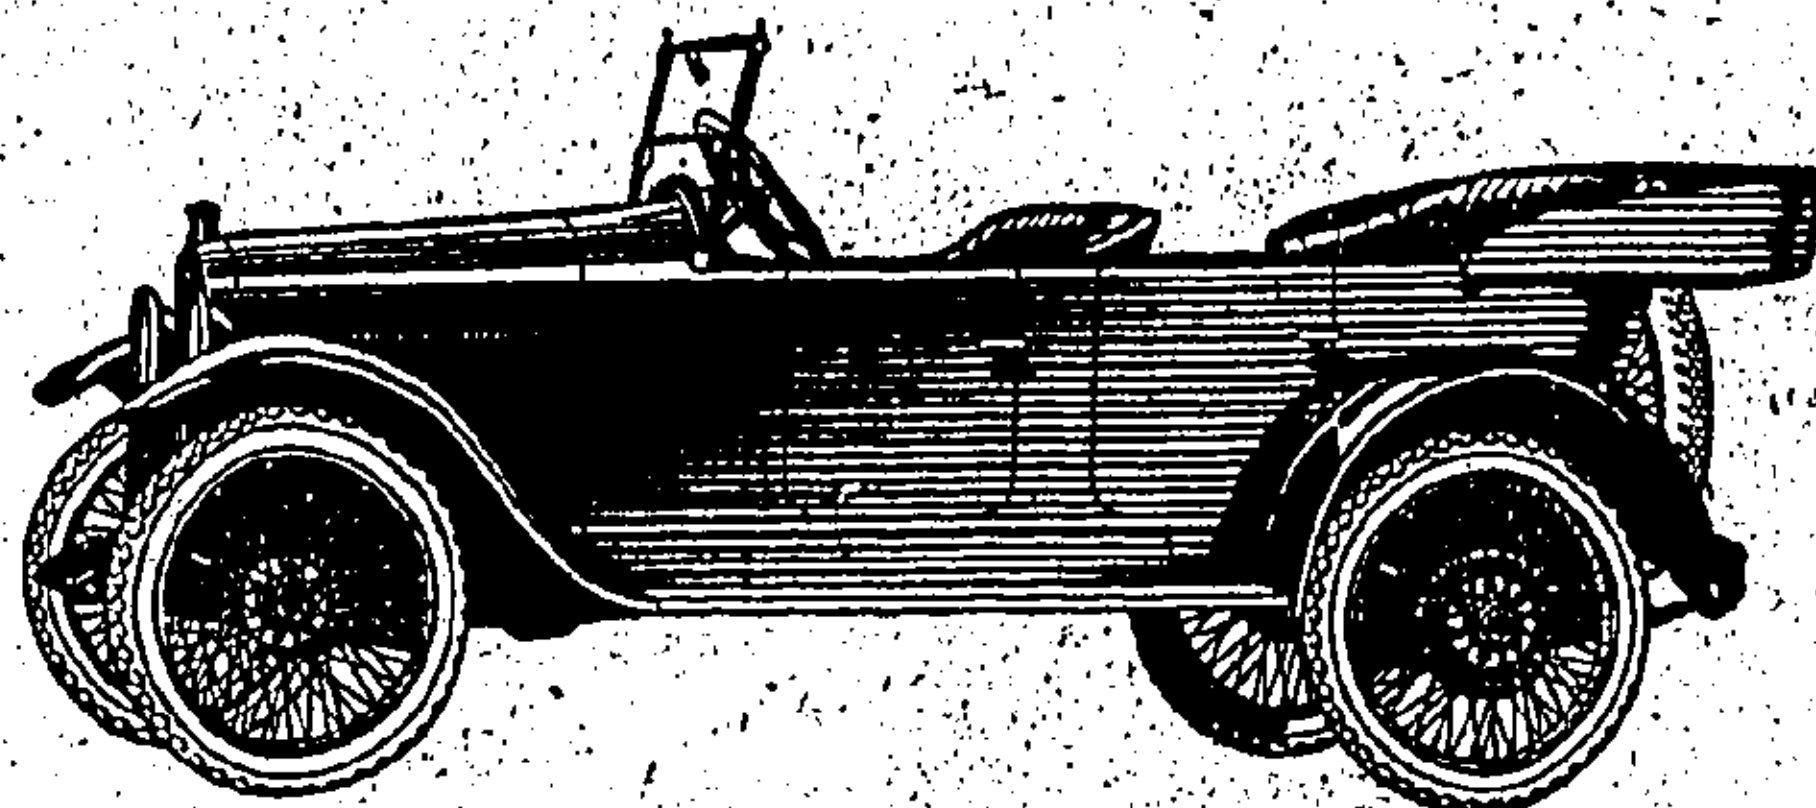

To pay a final dividend of \$1.50 per share ..... \$ 600,000.00  
To place to reserve for new plant ..... 50,000.00  
To write off buildings and machinery, etc., an additional 50,000.00  
To donate to War Memorial Hospital ..... 5,000.00  
To pay bonus to staff ..... 14,162.90  
And carry forward to the credit of next year's account ..... 98,633.68  
\$ 817,796.58

Directors.—Since the last annual meeting Mr. J. Bell Irving and Sir Paul Chater resigned, and Mr. D. G. M. Bennett was invited to join the Board in place of the Mr. Bell Irving, and on his return to the Colony, Sir Paul Chater was invited to rejoin the Board. These appointments require confirmation.

In accordance with section 12 (4) of the Articles of Association, Mr. A. O. Lang and Rev. Father L. Robert retire, and being eligible offer themselves for re-election.

Auditors.—The accounts have been audited by Messrs. Linwood and Davis and Messrs. Lowe, Duggan and Matthews who are eligible for re-appointment.

Frequent radical changes may be the result of mistakes and misdirected effort. It is significant that the makers of the Hupmobile have changed models only five times in fourteen years, and no change has been radical.

Bobby Churchill, only six months old, is for sale to the highest bidder because his mother and father cannot support him as they wish.

Captain C. L. Tibbels, Commander of the U. S. S. "Falcon," has found a cure for the "bends," an agonizing disease that afflicts men who work under compressed air. He places the patients in a specially constructed tank, seven feet high and twenty feet long. Compressed air is turned into the tank, and the patient is required to go through various body exercises, which tend to accelerate circulation of the blood. The air bubbles in the blood, which cause the ailment, are reduced in size, move through the heart and out of the lungs.

Poor little 1923. The time it has taken for this Homeland picture to reach Hongkong has been enough to change that smile into a scowl.

Ex-Kaiser Wilhelm, snapped in the garden of his castle at Doorn, Holland, by Altgrafin von Salm, nee Prinzessin zu Furstenberg. This photograph is published with his consent.

First consort of the King of Siam; Her Royal Highness Princess Lakhami Lavan.

Kenneth P. Warner, secretary of the American Radio Relay League, is shown wearing a top hat he won from M. W. Burnham, prominent British radio man, on a wager that American amateurs could transmit signals across the Atlantic. They have likewise wagered a frock coat that American amateurs will be able to receive signals from British amateurs when the British begin their signals.

Paul Specht, noted American musical director, composer and pianist.

Probably the most remarkable family in the world, consisting of all girls, sisters, and two guardians. Fifteen years ago the Reiff sisters, Misses Minna and Henriette, had a spacious home that was too large for them. They adopted a little German girl and found the experiment so interesting they have since adopted three Scottish girls, a French, Finnish, Bohemian and Canadian girl.

### BRINGING UP FATHER

## EARLIER TELEGRAMS.

(Reuter's Service to the China Mail.)

## PAR EASTERN PROSPERITY.

LONDON, February 14. Commenting on the closing of the Vladivostok branch of the Russo-Asiatic Bank, the *Manchester Guardian* says that it is discouraging to note that whatever change may be occurring in opinion in Russia, in regard to the Capitalists' policy, the more extreme section still opposed their activities.

Bankers, who previously transacted business with Russia, are unable to support the contention that resistance to Capitalism is substantially weaker, but are emphatically of the opinion that until the Soviet come to see eye to eye with us there is no hope for the economic regeneration of Russia, or of a return to normal prosperity in Asia until the present tangle in Europe is straightened out.

The *Manchester Guardian* agrees entirely with this view, and says that isolation is no longer possible for any country, and prosperity must be general to be lasting. It is very doubtful whether China, or even Chile, can return to or show an increase of prosperity above pre-war levels while West Europe is short of funds to supply the necessary capital.

## SINO-AMERICAN RELATIONS.

New York, February 14. Owing to a desire not to offend the guests at the Banquet of the China Society, only a portion of the message from Mr. Hughes (U.S. Secretary of State) extending cordial greetings and hoping for the maintenance of the traditional Sino-American friendship, was read.

The deleted portion regretted that these relations were at present disturbed through the killing of an American citizen. The firing on of the American Consul, and the failure of the Chinese Government to adequately respond to the American Government's representations with a view to a settlement of this very grave incident. Mr. Hughes added that he hoped China would soon make such a response as would remove the shadow from mutually friendly feelings.

## U.S. IMMIGRATION BILL.

New York, February 14. Some anxiety is felt by Government officials in Washington over the reports that keen resentment has been aroused in Japan by the clause in the new Immigration Bill, excluding anyone ineligible for citizenship. It is urged here that the Japanese should not be disturbed, because the chances of the Bill ever becoming law are exceedingly small, although it is feared that it will pass the House of Representatives. The *New York Herald* terms the Bill unwise, utterly unnecessary and clownishly insulting.

## U.S.-PHILIPPINE SHIPPING.

WASHINGTON, February 14. Mr. Tanager, Chairman of the Shipping Board, has decided to recommend to President Harding the issue of a proclamation placing the Philippines under the American coastwise law, provided the Board is able to guarantee an adequate service to the Philippines.

This means the exclusion of foreign shipping between the United States and Philippine ports.

## SALT SURPLUS.

PEKING, February 14. The Banking Group this morning received the January salt surplus tallying five millions and made a thirty surplus advance of a million and a half.

## BRITAIN AND FRANCE.

PARIS, February 14th. Following the strike at the Moselle and Sarre mines and the general unrest of the French miners, who are demanding an increase of wages on account of the cost of living, the extremist Miners' Federation has decided on a general strike, beginning on Friday. The resolution passed by the principal Miners' Federation, however, makes no mention of strike.

Advices from Dusseldorf state that the economic situation in some places is becoming more critical. A Dusseldorf firm has closed down throwing idle some 2,500 men. A number of Germans, employed in the export, license office at Bremen, who agreed to work with the French officials, have received anonymous communications threatening them with death.

Berlin, February 14th. Advices from Gelsenkirchen state that a French officer has been maltreated by a crowd and wounded in the head. He was taken to the police prefecture.

Berlin, February 14th. Considerable mystery surrounds the policy of the Government who are continuing, through the Reichbank, to unload big amounts of foreign currencies, resulting in a remarkable recovery of the mark. The Press terms it a war measure. One effect of the recovery was something like a panic on the Stock Exchange yesterday, when stocks often fell between thirty and forty thousand points. One textile company's shares dropped one hundred and ten thousand points.

## INDIAN RETRENCHMENT.

DELHI, February 14th. It is understood that the first portion of Lord Inchcape's retrenchment report proposes army cuts amounting to ten crores, and civil cuts amounting to about three, including a cut of one and a half crores in the postal and telegraph department.

## HOME FOOTBALL.

FIRST LEAGUE.  
London, February 14th.  
Chelsea 2 3 Everton 1  
Newcastle 2 West Bromwich 0  
Lottenham 2 Blackburn 0  
Ayr 2 3 Celtic 0  
Hamilton 0 Dundee 1  
Motherwell 0 Third Lanark 1  
SCOTTISH LEAGUE.  
Glasgow 1 Albion 1  
Aston 1 Hibernian 1  
Ayr 2 3 Celtic 0  
The Scottish Cup draw (fourth round) to be played February 24th is as follows:  
Celtic v. Raith; Third Lanark v. Dundee; Hibernian v. Aberdeen; Motherwell v. Boones.
